Wesleyan Mission, Mysore City,

October 20th. 1915

Medical 33-15-8

To The Secretary to the Government of

H.H. The Maharaja of Mysore,

General and Revenue Departments.

Sir,

I have the honour once more to renew my application for an increased Grant-in-aid to the Wesleyan Mission Hospital for Women and Children, Mysore City. The Hospital is thoroughly well-equipped with an adequate staff of European Lady Doctors, Indian Nurses etc. and repeated testimony has been borne by the highest Medical Authorities to the value of the work done. The services of our Doctors have been appreciated in the Palace as well as in the humblest homes of the people, and the growing number of Patients who come from all parts of the country testifies to the regard the people have for the Institution and the work done there.

The Hospital, with the exception of the Grant-in-aid of Two Hundred Rupees per mensem from Government, has to be supported entirely by voluntary contributions. The yearly expenses vary from ₹15,000 upwards. A request has been before the Government for some years that the present modest Grant-in-aid may be raised from ₹200 to ₹400. For the past five years the Government has regretted its inability to raise the Grant, but I would again most respectfully urge the needs of so deserving an Institution. I hope that Government may be able to do something to encourage us in this noble undertaking which has done so much to lessen the sufferings of so many subjects of His Highness the Maharaja in so many parts of the State as well as in the City of Mysore.

I have the honour to be,

Sir,

Yours most obediently,

George N. Sawday
